NAME BOYS ON HONOR ROLL

Help Us Compile List of Sonoma Boys in Service of Uncle Sam.

Sonoma Valley now numbers many of its boys among the soldiers and sailors of Uncle Sam. Whether on land or sea or in the air we are all proud of every lad from Sonoma who is wearing the khaki or the uniform of blue. From the heart of many of our best families, brothers and sons have gone into the service both before and since the declaration of war. Every one in this section should know just how many brave and patriotic sons are doing their duty and upholding the honor of old Sonoma among the countless patriotic sections of the U. S. A. We are therefore anxious to get a complete roster of all Sonoma boys in either the army and navy. Send in all the names you recall to this office.

RED CROSS ASKS AID

Christmas for the Boys in Khaki

A movement has been started by the local Red Cross branch to provide a bit of Christmas cheer for each and all of the Sonoma Valley boys who have gone to the defense of their country, whether on land or sea. Think of how each boy's heart next Christmas morning will have a homesick lump in it when he wakes up so far away from home. And if in addition to what the usual mail can bring to him, the Red Cross director of his particular post appears with a package and hearty greeting from his home town, can't you see how his eyes will brighten up and his heart warm to the friendly message?

Let each of us gladly come forward with an extra penny or more, and make sure that our own heart don't carry a regret next Christmas morning that we failed to help. Bring your nickel, your dime, your dollar please, to Chairman Von Hacht or to Miss Edna Cooper, or else a gift of some article you know would prove acceptable. Do it **Right Away** as the things must be shipped very soon now in order to insure them reaching all of the boys, some of whom are in far off lands or waters. The Red Cross will attend to the packing and shipping.

Have you yet followed your dollar and climbed upstairs to that N. W. corner room in your City Hall where afternoons numbers of women can be found busy cutting, basting and sewing, both by hand and machine, or tying into neat and numbered packages the finished garments or bandages? Men as well as women are specially invited to come and inspect this work, all of which is for our boys if they are hurt. And most of these garments have been cut on the big table in the Council Hall, by one woman, Mrs. Hatton, whose heroic labor has been of much value to the Branch.

Mr. and Mrs. A. Pera were here from Antioch Sunday.

STATE HOME BOYS MINSTRELS

Arrange Jack London Benefit for Tuesday Night at Big Institution.

Archie Seebright's Minstrel Troupe comprising the boys of the State Home at Edridge, assisted by Harry Davis and Burt Jones, will stage a high class colored entertainment at the big institution Tuesday night. The affair was suggested as a benefit to the Jack London Memorial Library and is already an assured success. Over $80 worth of tickets had been sold last Saturday and the rehearsals show that for real fun and talent the performance will have few equals. The boys are natural musicians and comedians and have designed attractive costumes and many surprise "stunts." There will be local joshes and topical songs.

The big auditorium will no doubt be taxed to capacity but all will be seated and if necessary a second performance will be given the following night to accomodate the attaches of the Home.

The Jack London Memorial Library fund has now reached over $1000 and Mrs. London and Mrs. Shepard are much pleased at the big hearted impulse of the boys at Eldridge to do their "bit" in making the cherished project a nearer reality.

ORPHANS HELPED BY SONOMA REBEKAHS

The annual benefit for the Orphans Home maintained by the Odd Fellows at Gilroy, was held last Friday night at the home of the popular fraternal order and a neat sum netted for the worthy cause.

Cards and dancing with the sale of delicious refreshments, made up the evening's pleasure which each and everyone thoroughly enjoyed. No fancy work was sold this year owing to the amount of time put into Red Cross work and the making of soldiers' garments.

SOCIAL DANCE AT COLONY ON OCTOBER 13th

There will be another enjoyable affair at the Schellville Colony school house on the night of October 13th when a benefit dance will be given by the good and progressive residents of our neighboring district. Peterson's orchestra will furnish the music and will be on hand promptly at 8 o'clock. Admission will be 35 cents per couple with extra ladies at 10 cents each and children at 5 cents each. A fine time is assured all who attend.

adv.

Comfort Bags

The Comfort Bags for the soldiers, asked for by the Red Cross several weeks ago, are to be shipped early next week. If you have not already made and filled (or helped fill) one of these bags, please do so at once and bring it to the Red Cross room upstairs in the City Hall or leave at at Hotz' store.

SONOMA'S DIVERSIFIED PRODUCTS SHOWN AT SCHOOL FAIR

Farm Adviser Baade and Apple Inspector Newcomb Interest Themselves in Our Third Annual Agricultural Show.

The Third Annual School Childrens Agricultural Fair of Sonoma Valley came to a close Saturday last when a large crowd was on hand to congratulate prize winning exhibidiversified display of products raised in the Valley of the Moon.

Among the distinguished visitors were Prof. Baade, now Farm Advistors and to admire the beautiful and er of eight counties, who made the awards and in the afternoon gave an earnest and inspiring talk on the establishment of a Farm Bureau here and outlined much of the good work being done in the eighteen counties now forging ahead with the assistance of their Farm Advisers. Mr. Baade brought out many great advantages to localities having the helpful advice of the specialist, not only in solving individual problems of the farm, but also as a guide to prospective settlers, who by consultnig the Farm Bureau, would avoid being located on poor land, to become a knocker instead of a booster for the community. He said the real estate shark was the only one to fear the creation of a Farm Bureau and Farm Adviser.

Apple Inspector Newcomb judged the apples and spoke highly of Sonoma Valley's showing and varieties. The apples were packed and graded in accordance with the new law.

The various school districts all had fine exhibits arranged in sections under the leafy canopy where wonderous pumpkins, squash, tomatoes, potatoes, beets, beans, cabbages, peppers, egg plant, corn, melons, berries and fruits vied with each other for honors.

The stock show, while not as large as formerly, was notable for some fine specimens.

The Domestic Science building housed many dainty pieces of embroidery, fine sewing and garments made by the school children, while the art of preserving and cookery showed that these studies were to play an important part in modern education.

The drawing and art work exhibited by the High School, the Grammar grades and districts were most creditable.

Flowery had some excellent perspective drawings and Indian designs.

Glen Ellen chose flower and child studies.

The Sonoma Grammar School had water color, cover drawings and maps of excellence.

The crowds were typical holiday makers and thronged the shady grounds, enjoying refreshments under the trees, exchanging pleasantries about the exhibits, watching the interesting motion pictures and enthusing over the basket ball game which was called at 2:30.

Sonoma High showed itself to have a snappy team but Vallejo had a heavier, more experienced lot of men and won, the score being 35-24.

The Fair closed Saturday night in a blaze of glory, much credit redounding upon the energetic and enthusiastic Professors, Stenquist and Rowell and their able assistants in faculty and among the pupils of the various schools who are destined to be our successful young farmers.

Notes on the Fair

J. Stornetti exhibited a mammoth pumpkin which attracted much attention.

Farm Adviser Baade said that counties where the Farm Bureau was not in existence grew too much perishable products this year and duplicated too many such crops instead of raising products that could be stored and kept indefinitely, as grains, beans, corn, etc.

A magnificent display was made by Sobre Vista under the personal supervision of Superintendent Bluxome and son Donald, the latter a prominent member of the Boys Agricultural Club. The evolution of the edible frog was most interesting and showed the the development from the tadpole to the stage where the immense species is ready for the chef's art.

Sobre Vista's showing demonstrated the fact that everything necessary for fine living can be grown on Sonoma Valley soil.

Flower and fruits from Buena Vista Castle and the A. E. Tower ranch were noticeable.

Wm. Helberg with his good natured smile was on hand showing his friends his awards which were as follows:

First premium on Grant Six automobile, first premium on apples, fancy pack, first premium on dried bartlett pears, second premium on green pears, second premium on dried prunes, second on green figs, third on green apples, third on light draft mare. He won a premium on everything entered.

WEISE WINS IN SUPREME COURT

Attempt of Wm. Evart to Show Majority at Last Election Fails.

The Supreme Court has decided that the Supervisorial election held in this district last November was a tie as decided by Judge Emmett Seawell and also by the Appelate Court.

On Monday, Attorneys Dole for Everett and Early for Weise, appeared before the Supreme Court and when that high tribunal had been properly informed of the ballots counted for contestant and the decision emanating from Judge Seawell relative to their validity, the decision was that Evart failed to show a majority and was to take nothing as a result of his appeal. Judge Seawell was sustained by the higher courts in every point in controversy. Thus almost a year since the case was appealed, during which time the good natured Supervisor has been kept in hot water and his rival listening to the promptings of false friends and palm-itching lawyers, we now arrive at the original and usually correct finding of Judge Seawell, who decided that the election had resulted in a tie.

Since Mr. Evart did not succeed in defeating Harry Weise, the latter is still Supervisor and it is predicted that in the event of another election, he would win out by a handsome majority. The decision of the Supreme Court Monday definitely decides the point relative to counting a pencil marked ballot that has been afterwards stamped in the same place with the cross as required by law. The law says it must be counted and it has so been interpreted.

ANGEL OF DEATH CALLS LITTLE ONE

Paul, the little year old son of Mr. and Mrs. Annible Maffei, died very suddenly Tuesday from convulsions following an attack of whooping cough.

The little fellow was the pride and joy of his fond parents and up to the time of his last illness was a most healthy and beautiful child. He was idolized by the family and his sudden passing was a great shock to the community.

The funeral took place Friday from the St. Francis church.

The little form was laid to rest amid the most beautiful of flowers and the dear ones received the condolence of countless friends in their sad bereavement.

PICNIC GRAND SUCCESS

The Red Men with their families and friends enjoyed a fine time at Schumann's Resort last Sunday where the annual picnic and harvest festival was celebrated. There was music, dancing, games and feasting and good fellowship reigned supreme.

Many of Sonoma Valley's leading families were present and the occasion was in every way a most enjoyable one.

A HANDSOME GIFT

Frank Matsuyama has presented Mayor Von Hacht two dozen gold fish for the city of Sonoma fountain basin in the plaza. The fish arrived from Japan two days ago and are beautiful specimens. There are gold fish, black fish and silvery ones.

The gift was much appreciated.

SONOMA MOOSE HAVE GALA NIGHT

The Sonoma Moose Social Club installed its officers Wednesday evening and was asisted in the ceremonies by fifteen visiting Moose from Santa Rosa. A banquet and general good time in which 45 participated marked the occasion.

The following officers were installed: Past Pres., George Stickel; President, C. B. Craig; Vice President, Otto Waldorf; Inside Guardian, Paul Robin; Sargeant-at-Arms, F. Stillings; Trustee, Messrs. Hall and Johnson.

NEW WATER DEAL OF INTEREST

S. F. Company Buys Out Lewis System and May Merge With O'Briens.

The very latest in water circles is the sale of the Sonoma Valley Water, Light and Power Company formerly the Lewis system, to a group of San Francisco business men who have organized a company to supply Sonoma valley with what they claim will be the biggest supply of water obtainable. They have been looking over the 1300 acre O'Brien ranch with a view to purchasing it together with the 12 living springs and all the water rights pertinent thereto.

A natural lake, 250 feet higher than the present head will furnish a storage acpacity of 20,000,000 gallons, and the proposed merger with the O'Brien property would do away with any future litigation.

While all parties to the deal decline to discuss the details at this time, it was learned authoritatively that the O'Brien sisters are not averse to the sale and may decide to part with their valuable holdings for a handsome figure. The Lennox Creek has its source on their property and with Fowler Creek and living springs, the projectors claim they could supply the natural reservoir with unlimited water both summer and winter, giving fire and domestic service to El Verano, Sonoma and the Springs.

The purchase of the former Lewis system was made from the London Paris and American Bank.

The deal would occasion no surprise but when coupled with the possible O'Brien merger it is most significant.

FORMER RESIDENT THOUGHT SPY

Ex-Landscape Gardener at Home Detained by Federal Authorities.

J. August Kusche, an Austrian about 50 years old, formerly employed at the Eldridge Home for the Feeble Minded as a landscape gardener, is said to be in the toils of the Federal authorities charged with being a spy.

Kusche was discharged from the institution about 3 or 4 months ago for striking an inmate assistant.

He had a son employed as a landscape gardener at the Presidio and Angel Island.

Kusche was regarded as peculiar and went about at night with a searchlight hunting rare specimens of moths so he said.

His garden plots and predelection for flashing lights on bugs may have gotten him into trouble which he will be able to explain.

It is said plans and maps of fortifications were found on his person when arrested. Kusche is a naturalized citizen.

Tom Burke, an old Sonoma boy, son of a pioneer family, was in town Wednesday and favored this office with a pleasant call. Mr. Burke is traveling representative for a steam valve company, a big concern with headquarters in Chicago. He is a clean-cut business man who has made a decided success and ranks high in mercantile circles. He was enroute to Sacramento where he does much business.

H. H. Johnson of the N. W. P., son-in-law of L. M. Bish, sprained his ankle and is off the road recuperating at Madrone.

MORE BOYS GO TO WAR

Second Contingent From District No. Two Included Many Sonoma Men Who Said Farewells to Dear Ones.

Forty more young men left Santa Rosa Wednesday for American Lake, Washington, where they will join the thousands already in training for the new national army. Among them were many well known Sonoma Valley boys, eager to begin the training to be soldiers of Uncle Sam.

While the second leavetaking was less spectacular than the first, there were many little incidents at the depot which showed the deep feeling and blessings which went with the fine lot of young fellows breaking home ties to do patriotic service for their country. Fathers, even more than mothers, were effected by the parting hour and the noble impulse of their boys, and there were tears in strong men's eyes as the young soldiers lined up and marched aboard the train.

Among those who went from here was Rudolph Wagner, son of Mr. and Mrs. Otto Wagner, who was not passed by the medical examiners at Long Beach but was later certified at Santa Rosa by the local board. Wagner, who is a fine specimen of young manhood, was thought to be unfit on account of flat feet but they are no longer held to be any bar and do not constitute a defect sufficient to interfere with a young man's military career. He therefore was passed and left with the other boys.

Tom Richards and Wm. Hall who have never been located, were among those on the list to depart Wednesday.

The boys who entrained were: Barney Cohen, Wm. Boggess, Theo. Beach, Geo. Francard, Otto Dresel, Phil Ziero, Jno. Frey Wm. Kehoe, James Duncan, Wm. Kennedy, Ed Peterson, Ren Vernon, Andrew Alexander, Ferdinand Daddie and R. Wagner.

In honor of his son, Otto, and three of his young friends who left with him, Carl Dresel, the pioneer viticulturist, gave a fine banquet Tuesday evening at Campi's in Santa Rosa.

The boys banqueted were: Wm. Kennedy, Otto Dresel, W. F. Kehoe, Ed. Peterson.

Camp Lewis, Wash., Sept 30, 1917.
Dear Mr. Murphy:

Nine days in camp now and still alive and kicking though with two sore arms from vaccinations and shots to prevent disease.

Have been examined. Won't know for a week whether I pass or not. In the meantime they drill and work us just the same. Wish you could visit the camp just to get an idea of the number of men being trained, and the great task to feed and keep them. The drill ground is a great flat plain and as far as you can see, men are seen drilling.

The officers have a tough time teaching some of the men as some of the Italians don't understand much English.

Sincerely
ARCHIE

"My Country 'Tis of Thee, Sweet Land of Liberty."

They Are Willing to Die. What Are You Doing?

The fine lot of young men who are going across the uncertain seas to fight the battle of democracy, are going with the expectation of enduring every hardship, of facing every danger and if need be they are willing to die over there on a foreign soil for the principle and honor which called their country into this righteous war. Mothers have given their sons. Wives have given their husbands. The supreme sacrifice has been made by many over this fair land. If you have dear ones somewhere in France there is no need to ask the question—what are you doing—what part are you willing to play in the conflict—for it is a foregoing conclusion that there is nothing that you would not do to facilitate the ultimate victory and give our boys every assistance in the interim to win this war.

Bu there are others into whose routine lives the call of the country and the appeal of those having dear ones at the front, will be slow to penentrate. They must be made to realize and realize quick that they can help, that their help is all important and that the question, how? is best answered by these words, "Buy Liberty Bonds."

We cannot all be soldiers or doctors or send our sons to war but not one of us need be a slacker when we can come to the assistance of those making the supreme sacrifice by backing the United States in financing the war. The purpose of the Liberty Loan is best stated as follows by Secretary of the Treasury McAdoo:

"Equipping with arms, clothing and food our gallant soldiers who have been called into the field;

Maintaining our navy and our valiant tars upon the high seas;

Providing the necessary means to pay the wages of our soldiers and sailors and, if the bill now pending in Congress passes, the monthly allowances for the support of their dependent families and to supply them with life insurance;

Constructing a great fleet of merchant vessels to maintain the line of communication with our brave troops in France, and to keep our commerce afloat upon the high seas in defiance of the German Kaiser and his submarines;

Creating a great fleet of aeroplanes, which will give complete supremacy in the air to the United States and the brave nations fighting with us against the German military menace, and for other necessary war purposes.

There is now offered to the American people a new issue of $3,000,000,000 of bonds to be known as the Second Liberty Loan. They will be issued in such denominations and upon such terms that every patriotic citizen will have an opportunity to assist the government by lending his money upon the security of a United States Government bond.

No one is asked to donate or give his money to the Government; but everyone is asked to lend his money to the Government. The loans will be paid in full with interest at the rate of four per cent per annum. A Government bond is the safest investment in the world; it is as good as currency and yet better, because the Government bond bears interest and currency does not. No other investment compares with it for safety, ready convertibility into cash, and unquestioned availability as collateral security for loans in any bank in the United States."

Go to your local bank today and do your duty. Have your conscience clear as your thoughts drift to the boys who have gone and are going to the trenches.

Complete That Cut-off

It is very gratifying to record the activity of some of our citizens in the matter of seeing that work on our Black Point Cut-off is completed. With the good boosters of Napa county to help us out on this effort to get what is coming to two of the best counties in the State, we are very apt to get action out of the busy Highway Commission, which with half the counties in California after it, will naturally let any section slide which sits supinely by, apparently satisfied with conditions.

The Black Point Cut-off is too magnificent a project and has been too well advertised as a direct route between Sacramento and the bay to suffer the treatment some portions of the State Highway has suffered. The money of two counties and their prestige and the money of thousands of well meaning tax-payers is involved in this matter, to say nothing of the political destiny of the powers-that-be.

The road in its present incompleted state may look all right to some politicians who may even now be planning another $15,000,000 bond issue to complete such work, (it is beginning to look as though it would come to that) but Napa, Marin and Sonoma drove a bargain and carried out their end of it and they now ask that the State do as much.

The Black Point Cut-off must be all that the name cut-off implies. We must have that unit builded from Ignacio direct to Black Point and we must be able to save time by traveling over that route else it fails of its purpose. The Highway Commission can't camioflage motorists into believing it is either a cut-off or a State Highway until the distances are all cut off and the road is surfaced and conforms to the rest of the State Highway.

The bridge is all right, a magnificent piece of engineering, but it will continue to be a monnment in a desert—a bridge of sighs to all of us—until the rest of the job is completed. We cannot feast our eyes on a bridge. We must have roads befitting it, and the kind of a road we were all promised and helped pay for.

Advertising will not force a man to buy poor goods at fancy prices but it will sell good goods at right prices every time. If you have the goods here in Sonoma tell our readers about it. They are listening.

The real duplicity and enormity of German bred treason in the United States came home to us with full force, as Congressman C. F. Lea, at work on his ranch south of town, was advised by wire from Washington of the wide spread attempt to pollute patriotism in this country and to even reach and influence Congress itself to betray the people of the Stars and Stripes.

We are so far from the seat of war and have had so hazy an understanding hitherto of the deep thought- out plot to carry out the Kultur program of the autocrats at Berlin, that we have been slow to grasp the enormity and colossal conceit of the brazen plan to change the entire complexion of government in the world by injecting Teuton corpuscles at any cost and by any means however foul.

Our entire idea of right and wrong has had to be readjusted to grasp the fact that for their great and sweeping Kultur campaign the words right and wrong have no significance to the autocrat who framed up the iniquitous arrangement by which his ego was to dominate the earth. The people he marked first for destruction and all others who interfered with the futherance of his design were to be trampled upon and eliminated ruthlessly, as weeds or tares or the flower we would suppress because not wanted in the garden, nay crushed out and supplanted by the bloom of Berlin.

The medium, however, in this country, has not been very favorable to the propagation of germs, the kindreds of Kultur, and where there have been evidences of seeds of treason and disloyalty, we bared the plots timely and effectively.

Any plot or plan whereby the hands of our brave soldier boys would be tied or their efforts be for naught because of treason right here at home, cannot be stamped out too promptly, whether in Congress among the higher ups, or in factory or field where operate the I. W. W's. and such ilk. America in the war means American understanding of the war—a very lucky thing.

JACK KINSELLA OUT OF HOSPITAL

Jack Kinsella, after a day or two at home from the hospital, where he had been under treatment for a gunshot would, returned to the hospital Saturday to have one of the stitches in the incision removed. His complete recovery is a matter of but a few days.—San Rafael Journal.

Mr. and Mrs. Neil Zane, the newlyweds, whose wedding in Woodland Mrs. Claude Johnson recently attended, are to make their home with the groom's parents this winter instead of on their extensive Yolo county bean ranch.

BELLEVUE HOTEL TAKEN OVER BY FETTERS MANAGEMENT

The first of the month Mr. and Mrs. Geo. Fetters took possession of the Bellevue Hotel at El Verano from which Mr. Benjamin, the veteran hotel man retired.

Many improvements have been made and the high standard of service and cuisine which prevails at Fetters Springs will be inagurated by the new management. The Bellevue is a well known family hotel of El Verano and is popular with vacationists.

C. T. Ryland came up from San Francisco the fore part of the week.

Steelhead Fishing

Don't overlook the Eel River fly fishing at Fernbridge, Fortuna and Alton during October and November. California's gamest fish weighing from 6 to 25 pounds each taken with a 7oz. rod. Try Greigs, Van Duzen or Weymouth Pools, famous for big fish. LOW FARES.

CONCRETE MAY BE ALL "CON"

Perfect Type of Highway is Not Always as Represented by Concrete Boosters.

And now comes Burlingame, home of the elect in San Mateo county, and makes the highly interesting statement that all is not gold that glitters in highway construction and that your hitherto thought perfect concrete highways may be anything but perfection when constructed as was the road between Beresford and Redwood City. All of which interests Sonoma county which is putting in more economical though criticized roads because the concrete chamber of commerce failed to interest our Supervisors in roads which cost approximately $20,000 per mile to build, and then, as will be seen by the very caustic criticism, may rip, ravel and run down at the heels the same as any other road if not put in right.

Says the Burlingame Advance under the caption "Faulty Constructed Highway:"

"The county highway recently built by the state from Beresford to Redwood City is a sorry looking piece of construction. The road has been open to travel but about ninety days and the concrete is breaking down, raveling and cracking which if allowed to continue will render the road unfit for travel within a year's time. If Burlingame's paved streets had shown such poor construction, the town authorities would be in danger of being mobbed yet because it is state work no one seems to protest. This faulty roadway is just as much a part of the people's property as are the public streets of a city. The taxes paid by property owners go to pay for the poor work and will have to go toward the repaving of this road.

Just who is to blame for the bad road we are not in a position to state but it undoubtably lies with the state highway engineering department. During the construction of the road it was watched by numerous youthful inspectors but whether they allowed poor work to be put in or were working under faulty specifications has not been divulged.

It is little short of criminal to build such road when the people had a right to expect that permanent roads were to be built. The voters gave their consent gladly and over-whelmingly to the first issue of bonds to the amount of eighteen million dollars. This was not enough to complete what was supposed to be the grandest system of permanent highways to be built in any state in the union and $15,000,000 more was called for. Again the people voted the money with as much enthusiasm as before. The Highway Commission has been denied neither money or power to employ engineers of ability. Road building in California is not an experiment and we can conceive of no excuse for this horrible example of incompetence or carelessness. We assume the contractor has been paid and if such is the case there is nothing left to do but to pay for the work again. It would seem to be up to the Highway Commission to offer an explanation and if it is the fault of their engineering department, to show good faith by the summary dismissal of the incompetent employees from the state payroll."

Why should we gamble $20,000 per mile on Sonoma county roads when we can get a $2,000 per mile type road which for the present will be adequate and has been found to give good satisfaction.

We admit that a properly constructed concrete highway has no equal when it comes to gliding over its enticing surface and if we want to spend enough money and bond the entire county for this improvement it might give us a life time satisfaction. But considering the initial cost and the possibility of faulty construction after we get the funds, is the game worth the candle?

Let us have good roads and let us have them now and we believe no succeeding Supervisors will ever criciticize this board for the sensible and conservative stand they have taken to satisfy the average tax payer and put Sonoma county on the motorist's map.

SOLANO MAN DIES FROM ANTHRAX

The deadly anthrax that has been sweeping through some of the finest stock ranches in Yolo, Sonoma and adjoining counties, claimed another human being Sunday night, when Asa C. Hyde of Suisun, Solano county, died at the Krull hospital in Sacramento, from the disease.

Hyde was a ranch hand employed by Sheriff J. J. McDonald of Solano county, and contracted the disease Thursday. He was treated at Suisun but his condition grew rapidly worse, and Saturday afternoon he was taken to Sacramento, where Dr. A. C. Hart attended him. Serum was procured from Berkeley, but the case was too far advanced for the disease to be checked.

Deceased had worked around cattle that died on the McDonald ranch and is thought to have become infected through the bite of a mosquito or fly, which carried the anthrax germ.

LITERARY GEM BY SONOMA SOLDIER'S MOTHER

The following literary gem appeared in a recent Safety Valve column of the Chronicle and evidently comes from the pen of some Sonoma soldier boy's mother:

1888-1917

"Well?"
1888.

Was it yesterday I sat and rocked and sewed and dreamed and smiled?

A neighbor came to my door and said: "Good day to you little woman. Happy you seem. Have you no fear for the time when your travail comes?"

"No," I said; "no fear"—truly, And I dropped my eyes lest she should see the dreams of my baby, who was coming.

"It's sometimes death, and it's always pain," said my neighbor.

"Well?" I said, and truly.

Then she saw that the Valley of the Shadow had no terrors for me, as I though only of life—the new life It was you—my son—my soldier!

"Well—"
1917.

Now today it is I who ask you: "Do you not fear? It is sometimes death—it is always pain."

"Well—" you answer, and smile your brave smile into my anxious eyes.

How can I keep you?
Go—God bless you!
Valley of the Moon, Sept. 17, 1917.

The regular meeting of the Ladies Aid Society of the Congregational Church will be omitted during the month but the Aid will hold its regular meeting the second Tuesday in November.

Mrs. Frank Koenig Jr. has been down from Richmond on a visit to her folks at Boyes.

Mrs. S. H. Whiting now fully recovered in health, greeted friends at St. Barbara's Guild Tuesday last.

CALIFORNIA WINE MAKERS ENCOURAGED BY NEWS

That the members of Congress are beginning to take a sane view of California's great wine industry and giving our wine makers a more just deal than at first reported is now believed, judging from a telegram recieved by Congressman Lea from Senator Phelan. Both these representatives have been loyal friends of, and indefatigable workers for the viticultural interests of our Golden State. The telegrams received are as follows:

"Washington, D. C., Oct., 1, 1917.
Hon. Clarence F. Lea:

Conference report recommends that in addition to tax now imposed by law on dry and sweet wines, a tax equal to such tax be levied, making, as I understand it, a proposed tax on dry wines of 8 cents and sweet wines 20 cents, in addition to tax now imposed by law on brandy used in fortification. Report recommends that a tax equal to double such tax be imposed, making a proposed tax of 30 cents per gallon on brandy.

H. M. Martin, Sec.

"Conference Committee report has been agreed on, but not yet presented to Senate. All dry wines, champagne and vermouth manufactured or imported, will be taxed double present tax. This makes the tax on dry wine 8 cents per gallon up to 14 per cent. Fortifying tax for brandy in sweet wine will be 30 cents per proof gallon. Gallonage tax on sweet wine up to 21 per cent will be 20 cents a wine gallon. This makes the total tax on sweet wine including the fortifying tax, about 27 cents.

This is a great victory for California if conference report is approved. Tax on grain spirits used for manufacturing beverages purposes had been raised to $2.10 additional. All other distilled spirits $1.10 additional to present tax. This will give larger market for grape brandy for beverage purposes."

Miss Lorraine Wise, a charming young lady of the metropolis, has been visiting Mr. and Mrs. James Tate.

Mr. and Mrs. E. H. Johannsen are the proud possessors of a handsome new car, a Grant Six Special.

Frank LeVine Sr., father of Mrs. E. H. Johannsen and Frank LeVine of this place, has been visiting his folks here. Mr. LeVine is a Civil War veteran, having been in the war at the age of 16 years. He is now 72 years old and is to retire. He will make his permanent home in Los Angeles county.

Miss Annie Pemberton enjoyed several days in the metropolis the first of the week.

ARE YOU GOING?

The largest of the seven huge tents which will house the California Land Show to be held in San Francisco at Eighth and Market streets, October 13 to 20 inclusive, was completed last Friday and within the next few days the entire show will be ready for exhibitors of the forty counties participating in the exhibition. The arena covered by the tents is 200,000 square feet, more than a city block, since the arena on Market street, bounded by Eighth and Mission, extends beyond the regular block limit.

The Land Show area will be four times as large as the Land Show held in Chicago, one of the record breaking events of the middle west; twice as large as the Land Show of 1913, and larger than any exposition devoted to land and its products ever given in San Francisco.

Two corps of workmen have been engaged in preparing the ground and erecting the tents for the past month. These have been put on night and day shifts. The matter of interior decoration, wiring, building of the palace entrance front and of the administration buildings, have also demanded double labor that General Manager Edward H. Brown might have everything in readiness for the promised date for the Counties entrance and installation of exhibits.

Land analysis is to be one of the educational features of the Land Show fostered by the University of California under the direction of the Dean of the College of Agriculture of the University of California. The subject will be discussed in numerous lectures and the visitor contemplating new crops may learn much of interest to him. It is the opinion of the College of Agriculture faculty that the time has come in agriculture when land analysis, with a view to horticulture and agriculture, will be as important to the purchaser as land ownership.

Various regions already have representatives in San Francisco preparing for their exhibits.

Miss Laura Wickham, daughter of R. Q. Wickham of Eldridge and editor-in-chief of the Santa Rosa High School Weekly, visited the Index-Tribune sanctum Saturday. Miss Wickham is interested in journalism and bids fair to make a brilliant success as she not only shows talent but ambition and is her own best critic. The Santa Rosa Hi publication is a bright little school paper issued every Friday.

Mrs. A. M. Thomson and little son left Saturday morning for Berkeley where they are visiting the Misses Hays during Dr. Thomsen's absence on a hunting trip up north.

ELDRIDGE

Wm. Boggess, in charge of one of the departments of the Home, left Tuesday for Santa Rosa where he reported to the contingent leaving for Camp Lewis, at American Lake in Wednesday. Mr. Boggess is the fifth enployee of the State Home to enter Uncle Sam's service and he has our heartiest wishes for good luck and a safe return.

Many employees attended the semi-annual banquet of the Sonoma Moose Social Club, Tuesday evening. Among those present were: H. J. Leonard, S. P. Korn, C. B. Craig, George Wilbur, George Hamson, Wm. Hale and others.

Milton Johnson has bought the Maxwell car of Wm. Boggess, and took a party to Santa Rosa for the Mooose banquet, Sept. 25th.

Sam McKee is now working days, having exchanged jobs with Billy Craib who is now working on the night watch force.

"Dug" Weir is busily practicing on his most proficient instrument, the Victrola, these days. The title of his latest composition is "Kate Knits Knick-Knacks for Her Khaki Klad Kidds of Kompany K.

The boys of the Home have met with very good success in selling tickets for the Minstrel Show to be given next Thursday evening for the benefit of the Jack London Memorial Fund, over five hundred being disposed of at this date. They are working very hard rehearsing and deserve lots of credit for the interest they are taking in its success and anyone holding tickets who does not attend will surely miss something very good.

About seven tons of grapes were picked on the Home property during the past week and sold to the Pagani Winery. We understand that they brought $21.00 per ton this year.

Miss Very Blackman of Santa Rosa, has been visiting her uncle, Andy Williams, at Glen Ellen for the week past.

The employees of the Home rejoiced to receive word from Sacramento that beginning Nov. 1st, all employees at this place will be granted one day of rest in seven instead of 2½ days per month as at present.

CITY TRUSTEES MET WEDNESDAY

Discuss Matters of Importance to Town Welfare.

The City Trustees met Wednesday in the regular October session and despite the warm night, held a spirited meeting at which many matters of importance were discussed.

After the reading of the minutes and passing on the bills, the Marshal's report was read and refered to the Finance Committee. The Recorder's report and financial report were also read and placed on file, the publication of the financial statement for the past year being authorized in this issue of the city official paper, the Index-Tribune.

On motion of City Trustee Bose seconded by City Trustee Fred Bulotti, the street committee was authorized to look into the matter of having Broadway put in shape. The work on Napa street west is to be proceeded with as planned while the county work from the city limits is being done.

In regard to the water proposition, it was decided to confer with Mason & Locke relative to their offer to arrange the bond election and sell the bonds. It was suggested that the $250 fee asked for, might be made less in the event the election failed to carry.

Attorney Frank Sprague, acting for City Attorney Cowgill, explained the features of the new ordinance governing restaurants. Some spirited discussion followed, Mayor Von Hacht questioned the definition of a "meal" as a complement to the serving of wine or beer. He said he had seen it mean a cracker. Attorney Sprague said meals were sometimes painted on plates, but that the dictionary very properly defined it as something substantial and it was so intended. The hours specified for serving of drinks with meals were decided as 6 a. m. to 11 p. m. and the license as $30 per quarter. $42.50 was advocated by the Mayor but the majority favored the more reasonable tax.

The ordinance was then given a reading after which adjournment was taken.

The following bills were allowed and ordered paid:

Gladys Small typing, $2.00; A. Dumas labor, $22.50; Thos. Lewis surveying, $21.25; S. V. W. L. P. Co. water, $12.00; G. H. Hotz, flag, $8.50 Gottenberg assess. and salary, $92; C. C. Cowgill salary, $25; J. H. Albertson salary, $15.75; R. Quartaroli labor, $62.50; H. Castagnasso teaming, $10; Index-Tribune printing and publishing, $6.50; H. Frosch labor, $23.75; F. Pini labor, $36.75; A. Forni labor, $1750; G. Noli labor, $36.25; C. Andrieux labor, $31.25; F. Clewe supplies, $5.85; Sonoma City W. W. Co. water, $28.04; R. E. Perkins auditing, $20.00.

MUSICAL COMEDY

All theatre goers should see the special announcement of the production "Nobody Home" the sparkling Morosco musical comedy which is coming to the Hill Opera House at Petaluma Thursday night. Do not miss it.

Mrs. M. Droullard and daughter Pauline have returned to their Los Angeles home after spending the summer at Boyes Springs.

TO WHOM IT MAY CONCERN
